PROFILE SUMMARY

A motivated Computing Science graduate with a BSc (Hons) Computer Science in Software Engineer from Kingston University London . Experienced in developing software, mobile, and web applications using Java, Dart (Flutter), and PHP, with additional knowledge of HTML, C#, and Python. Strong in teamwork, leadership, and problem-solving, with hands-on experience through academic and personal projects. Eager to begin a professional career in the IT industry and grow as a skilled software engineer.

EDUCATION

BSc (Hons) Computer Science in Software Engineer (Top Up) Kingston University – London	2025
Pearson BTEC Level 5 HND in Software Engineer ESOFT Metro Campus- Gampaha	2023
Assured Diploma in Information Technology (DiTEC) ESOFT Metro Campus- Gampaha <i>Result : Merit</i>	2022
Assured Diploma in English (DiE) ESOFT Metro Campus- Gampaha <i>Result : Pass</i>	2022
G.C.E (O/L) Examination 2023 Minu/ Nalanda (Boys) Cenrtal Collage <i>Results: B5 , C4</i> <i>Index : 20804377</i>	2023

PROJECT EXPERIENCE

KYA Food Production – Web Food Management System	2025
- Built a PHP backed web application for managing food production workflows. - Integrated backend logic to handle data processing and dynamic content generation. - Interacted with a database to track food items and production records. - Improved competence in PHP, server-side scripting, and web application logic.	
Eco-Ride System – Sustainable Transportation App	2025
- Designed and implemented a Java-based application focused on eco-friendly ride services - Developed core features for ride selection, route optimization, and user trip tracking - Integrated a database to store user profiles, ride history, and vehicle data - Strengthened skills in Java, OOP principles, and data persistence	

Health Mate App – Personal Health Tracking

2025

- Built a cross-platform mobile application using Flutter (Dart)
- Implemented features including daily health logs, activity tracking, and wellness insights
- Designed clean UI screens and responsive layouts for Android
- Applied local data storage and real-time input validation

Smart Learning Assistant – Educational Mobile App

2025

- Developed a Flutter-based learning tool to assist students with study schedules
- Added interactive features like quiz sections, lesson reminders, and note taking
- Implemented smooth navigation and user-friendly design
- Reinforced skills in Dart, UI/UX design, and mobile app data handling

Smart Library Management System – Java Library Software

2025

- Created a Java software system for managing library activities
- Implemented modules for book cataloging, member records, and borrowing transactions
- Integrated database (e.g., MySQL) for storing book and user data
- Automated check-in/check-out and fine calculation features

Weather Pro App – Real Time Weather App

2025

- Built a weather forecasting mobile application with Flutter
- Integrated with public weather API to fetch live temperature and forecast data
- Included features like location detection, hourly updates, and weather icons
- Focused on asynchronous network calls and clean UI presentation

Grifindo Toys Company – Employee & Payroll Management

2024

- Designed and implemented a Windows Forms application
- Integrated SQL Server to manage employee and payroll data
- Automated payroll calculations, leave management, and salary reporting
- Strengthened skills in C#, .NET Framework, and database-driven applications

FREELANCE EXPERIENCE

Freelance Software Developer

2024 – Present

Self-Employed | Remote

- Developing responsive web applications using PHP, HTML, and Bootstrap
- Building cross-platform mobile applications using Flutter (Dart)
- Creating software solutions based on client requirements
- Managing UI design, database integration, and bug fixing
- Working independently with project planning and problem-solving

TECHNICAL SKILLS

Computer Languages

- HTML (learning)
- C# (learning)
- python (learning)
- Java (learning)
- Dart (learning)
- PHP (learning)
- Js (learning)

Frameworks

- Flutter
- Bootstrap

Design & Wireframing

- Figma
- Draw.io

IDE

- Visual Studio
- Visual Code
- Android Studio
- NetBeans
- Eclipse IDE

DBMS

- MySQL
- Firebase

SOFT SKILLS

- Leadership
- Time Management
- Communication
- Problem Solving
- Teamwork

CERTIFICATES

- **Esoft Metro Campus - Pearson (BTEC) Level 5 Higher National Diploma (HND) in Software Engineering 2023 - 2025**
- **Esoft Metro Campus - Assured Diploma in Information Technology (DiTec) 2022 - 2023**
- **Esoft Metro Campus - Assured Diploma in English (DiE) 2022 - 2023**
- **The English Bank Residential English Language Training Course 2026**
- **Python for Beginners Programme in University of Moratuwa -2024 (E-certificate)**
- **Computer Office Course - Institute of Vocational Education, Datatech Institute of Computer (2019 - 2020)**
- **Certificate for excellent conduct with great leadership qualities, committed to the betterment of school (2022, 2023)**
- **Certificate for Leadership Workshop & Out Bound Training (2022)**

LANGUAGE

- English
- Sinhala
